## OUR VISION

We envision a world in which all families are valued, protected, reflected, and embraced by society and all of its institutions; in which all children grow up loved and nurtured by kinship networks and communities that teach them about, connect them to, and honor their unique heritage; and in which every human being has the freedom to express sexual orientation, gender identity, and self.

We envision being part of large movements to heal and transform all forms of oppression, discrimination, bigotry and hatred in the hearts and minds of the members of our societies, as well as in school systems, mental and physical health systems, media, legislatures, legal systems, and all religious institutions.

We envision a world in which those of us with lesbian, gay, bisexual and/or transgender parents or families are connected to a broad community of peers and mentors, are recognized as the authority of our experiences, belong to respected and valued family structures, and have the tools and support to create a just society.
